The **SmokeBuster** MFB Experience

**We take you on an experience
of a fire as a firefighter sees it;**

from the alert at the fire station, responding to the information given about the address and then, on arrival seeing what the firefighters see inside a house where a fire has occurred.

Audio prompts and clever use of lighting will guide you through each room and indicate when to move to the next room.

Each room has a number of fire safety messages which will also be highlighted by lights and audio prompts.

Enjoy the SmokeBuster Experience

NOTE:

- The experience will take 7 minutes.
- Children must be accompanied by an adult.
- This experience is not recommended for children aged 6 and under.
- Maximum number of people per session is 5.

WARNING:

Please be aware, one of the rooms depicts the aftermath of a fire.

This may distress some visitors.
